**INNOVATIVE DESIGNS AND SAFETY IS AT THE CORE OF EACH SHARK HELMET**

With more than 20 years of experience, this French brand has become one of the leaders within the helmet world. Founded by former professional racers, SHARK, the passion of racing still evident, designs helmets with the goal to ensure the highest level of performance and safety. The spirit of SHARK is to always push the technical boundaries and research new exciting innovations to allow each and everyone of us to enjoy the boundless pleasure and freedom of riding in safety. SHARK is the first brand to have industrially manufactured a helmet using carbon fibre: the XRC carbon, in

SHARK constantly innovates, and has been the first to design and manufacture a modular helmet with dual homologation, full face and open face: EvoLine. Since its creation SHARK has equipped numerous racers with prestigious pedigrees in all classes of motorcycle racing: Raymond Roche, Olivier Jacque, Carl Fogarty, Randy de Puniet, Troy Corser, Pol Espargaro, Scott Reading, Olivier Panis, Cyril Despres. Over the last 20 years, SHARK has protected more than 200 top class racers and achieved more than 45 world championship titles. Our supported racers still contribute to the design of high performance, safe and comfortable helmets for use in extreme conditions, both on and off the track.
